

Surface Ownership

Boundary: Due to a lot of private land and a lack of through-roads, this route has a lot of backtracking (be sure not to double count). You may start at County Road L and 23. Go south on 23 one mile, then backtrack to L. Go west on L one mile to County Road 22 and go north to County Road M. Drive east on County Road M, then backtracking to County Road 22, continuing north and meandering back and forth to cover County Road N, 21 and on up to County Road P. Go west on County Road P to County Road 17. Go south along County Road 17 one mile, backtrack to P and go 1/2 mile west to edge of count circle.

Do not count birds on County Road 23 north of L (being covered by other count participants).
